

12-1-1408 OFF STREET PARKING

In addition to any appropriate requirements of 12-1-1700, the following additional regulations shall apply to industrial parks.

1. Off-street parking shall also include space for visitors of at least one space for each ten employees. The Planning Commission may recommend authorization of fewer visitor parking spaces if it finds that a fewer number will be sufficient.

No parking lot, loading or maneuvering shall be located within 100 feet of the boundary of a residential zone.

2. Consult Title 12-1-19 for off-street loading requirements.
